

What is the capacity of WECO lithium battery?

Allows 90% discharge: Weco lithium battery has 7000 cycles with 90% discharge. We will have a gross capacity of 4.95 kWh from which we will be able to use 4.45 useful kWh. Its cell management system ensures a long life and maximum performance.

What color is a WECO lithium battery?

Black color model. The Weco lithium battery is one of the best storage systems that can be purchased on the market. It is the only lithium battery model on the market patented to operate in high and low voltage thanks to a double BMS. Weco lithium battery has a 10-year warranty.

Why should you choose WECO lithium batteries?

WeCo design and produce lithium batteries equipped with the highest quality components. Each application has its own Lithium Chemistry cell in order to guarantee the highest durability and Safety. WeCo has developed one of the most advanced BMS with active and passive equalizer with a real-time control on every single cell.

Does the WECO lithium battery allow Wi-Fi connectivity with mobile devices?

The Weco lithium battery allows Wi-Fi connectivity with mobile devices. To be able to connect via mobile phone, you must purchase the dedicated Weco wifi accessory. Each wifi Weco allows us to display up to 5 batteries in parallel (one cluster).

Which Inverter Batteries work with WECO?

WeCo is the most compatible lithium battery on the market, it can work in communication with the main inverter manufacturers on the market. Below is a list of brands that can work with WeCo: Deye, Studer, Ingeteam, Victron, Solis, TBB, Schneider, Azzurro, Sofar Solar, SMA Sunny Island, Voltronic, Kehua and Luxpower, among others.

What is the charge and discharge intensity of a WECO lithium battery?

Charge and discharge intensity 1C: The Weco lithium battery allows charging and discharging at 1C, so with a single Weco Mod.4k4 lithium battery we can charge and discharge at an intensity of 95 amperes nominal (5kW of power). In just 1 hour we can carry out a 90% charge and can discharge a peak of 2C (10 kW) for 30 seconds.

000. - Intensité de charge et de décharge 1 C : La batterie au lithium Weco permet de charger et de décharger à 1C, donc avec une seule batterie au lithium Weco 5k3, nous pouvons charger et décharger plus de 5500wh (110Ah) nominal. En seulement 1 heure, nous pouvons effectuer une charge de 90 % et nous pouvons utiliser des onduleurs de ...

Products, Batteries Tag WECO Battery \$ 1,957.50 Original price was: \$1,957.50. \$ 1,655.10 Current price is: \$1,655.10. The 5K3 XP is the most advanced Lithium Module for Home and Industrial Energy Storage systems. One product suitable for two ...

WeCo Lithium LFP Solar battery 5.37 KWh/48V | 7000 Cycles High voltage. WeCo 5.37KWh/48V/7000 Lithium-LFP Solar-battery is a high-performance energy storage solution designed for solar applications. With a capacity of 5.37 kWh and a voltage of 48V, this battery offers reliable and efficient power storage for residential and commercial solar ...

The Next Generation Of Air-Cooled Lithium Battery Cabinets. A-KOOL 215/241 0.5C ENERGY STORAGE SYSTEM. A-KOOL 115. ... WeCo is always on the lookout for new talent. Send us your CV, and we'll make it a priority to review it. Your next opportunity could be just a click away!

WECO batteries come with 10yr warranty and +7000 cycles AT 100%DOD and can charge at C1. What is key is to get the closed loop connection (digital coms) right. You need to crimp the RJ45 cable correctly to get the digital coms. Once you do, GX device will actually see WECO and display it in the device list. Here is the WECO to Victron pinout:

Battery Type WECO LFP Battery Voltage Range 135 ~ 860 VDC Max. Charging Current / Max. Discharging Current 100 A / 100 A Rated Charging / Discharging Current 100 A / 100 A ... The next generation of integrated All-in-one Hybrid Inverters with Air-cooled Lithium Battery Cabinets WeCo Srl a Socio Unico Viale J. F. Kennedy 113-121 50038 Scarperia ...

Additional Information. Modular system Max. 15 units in parallel and 105 units with the WeCo Expansion Hub.; Universal Compatibility: The highest compatibility on the market and can work with communication with the main brands on the market.; Double BMS for low and high voltage; Allows 100% discharges : The WeCo lithium battery has 7,800 cycles at 100% discharge

The battery has built-in wifi enabling it to be controlled and monitored online by technicians in Italy and this has proven invaluable for installers in the field. With recent price decreases, WeCo Is now becoming an obvious choice for installers wanting the best value for money for their customers without compromising on quality.

WeCo 4.95KWh/48V/7000 Lithium-LFP Solar-battery is a high-performance energy storage solution designed for solar applications. With a capacity of 4.95kWh and a voltage of 48V, this battery offers reliable and efficient power storage for residential and commercial solar systems. Built with Lithium Iron Phosphate (LFP) technology, it ensures long ...
