

As a part of the White Eagles Group, Welion is a leading energy technology company that delivers innovative solar energy solutions, battery power systems for residential and industrial applications, and EV charging solutions for individual vehicles. Our monitoring system remotely supervises all power data through our web-based monitoring network.

Welion lithium-iron LiFePO<sub>4</sub> Battery Energy Storage The Welion lithium-iron LiFePO<sub>4</sub> Battery Energy Storage System is a highly efficient and safe solution for residential energy storage. It features lithium-iron phosphate (LiFePO<sub>4</sub>) ...

Welion New Energy General Information Description. Developer of solid-state batteries intended to revolutionize the next generation of battery cell development. The company focuses on R& D and production of hybrid solid-liquid electrolyte lithium-ion batteries and all-solid-state lithium batteries.

Battery has highest energy density in China (NOTE recently claims were made ArcFox would use 350 Wh/Kg Solid State Battery so for WeLion claim to be correct its battery must be at or higher than 350 Wh/Kg) WeLion has reportedly also received investment from Chinese technology giants Xiaomi & Huawei

The project of "Industrialization of Inorganic and Inorganic-Organic Composite Solid State Lithium Battery" led by Welion New Energy Co., Ltd. is mainly aimed at the industrialization of two solid state lithium batteries, 300Wh/kg and 350Wh/kg, and finally complete the demonstration production line with an annual output of 300 million Wh. ...

Hallo Laffylu,den fr&#252;heren Informationen aus China zufolge (vor allem von Welion-Gr&#252;nder Li Hong auf dem EV100 Forum 2022) war immer von 360 Wh/kg auf Packebene die Rede: "Li revealed the information at the ...

(Yu Huigen, Chairman of WELION) Mr. Yu Huigen, Chairman of WELION, stated in his address that the official delivery of the 360Wh/kg lithium battery cells to NIO marks a significant milestone in the industry. He expressed gratitude for the collaborative efforts of NIO and the WELION joint team over the past two years.

Beijing WELION New Energy Technology Co., Ltd.(WELION New Energy for short), found in 2016 and located in Fangshan District, Beijing, is the solid state battery production and incubation center of Institute of Physics, Chinese Academy of Sciences. ... battery cells and systems fields, etc. WELION New Energy has

about 1,100 employees ...

The company's main business is solid state lithium-ion batteries and covers R& D, production, market, sales, etc. Meanwhile, WELION New Energy belonging to the national high-tech enterprise has over 40 years of solid state battery industry research experience and holds multiple times "first break" in solid state lithium battery industry field.

WeLion says it has produced the first semi-solid-state battery cell at its battery factory in Huzhou in East China's Zhejiang province. The cells are to be used in Nio's future 150 kWh pack. It is therefore hardly surprising that Nio's Senior Vice President Zeng Shuxiang also attended the ceremony in Huzhou.

Later in November 2022, WeLion saw its first solid-state battery cell roll off the production line at its battery manufacturing facility in Huzhou, Zhejiang province in eastern China, the report pointed out. Earlier in June 2023, WeLion had started delivering 360-Wh/kg lithium battery cells to Nio with a delivery ceremony held in Huzhou, where ...
